Annual Subscription Rates for 1987: Annual institutional subscription rate (1987) $375.00 for the USA and DM 850 for the remainder of the world; 2-year institutional rate (1987/88) $712.50 for the USA and DM 1615 for the remainder of the world; personal subscription rate for those whose library subscribes at the regular rate (1987) $77.00 for the USA and DM 154 for the remainder of the world. Members of the American Society for Photobiology receive a complimentary subscription. Subscription enquiries from customers in North America should be sent to: Pergamon Journals Inc., Maxwell House, Fairview Park, Elmsford, NY 10523, USA, and from the remainder of the world to: Pergamon Journals Ltd., Headington Hill Hall, Oxford OX3 0BW, England. Prices are subject to amendment without notice.

Microform Subscriptions and Back Issues: Back issues of all previously published volumes are available in the regular editions and on microfilm and microfiche. Current subscriptions are available on microfiche simultaneously with the paper edition and on microfilm on completion of the annual index at the end of the subscription year.
